MATTY DAVIES **HEAD COACH/CO-OWNER**

In addition, the announcement of this year's title sponsor Reckitt, which sees us now called the Hull Reckitt Seahawks!

This is an exciting partnership for the club, something we should all be really proud of and long may it continue.

The rink is looking smart with the banners, bill boards and retirement shirts. We've added some unbelievable packages and chances for fans to get up close and personal with players including the bench and mascot experiences and the Happy Birthday packages.

Welcome to the Hull Seahawks 23/24 season! And what a season we have in store.

It has been a busy summer for the club while we continue to grow and improve in all areas. We have seen the launch of the online shop, our first ever family fun day which we hope will become a yearly event in everyone's calendars given the success and fun we all had.

August in particular saw the launch of the new 23/24 season jerseys which are flying out, I can't wait to see a packed rink with all the fans with their favourite player on the back.

“ **I'M LOOKING FORWARD TO SEEING HOW THE GUYS LOOK OUT THERE UNDER GAME CONDITIONS PARTICULARLY AGAINST LAST YEAR'S LEAGUE CHAMPIONS... AFTER ALL THEY ARE THE ONES TO BEAT!** ”

I think we are really making strides to try and improve the match night experience and make a game at the Hull Seahawks a real treat.

Looking to the roster I really believe we have a very competitive team. A team that should be crowd pleasing and difficult to beat week in week out. We have to mention that we are already in a better position than last season with the imports here on time!

The lads have been getting ice time together all summer, we have that added bonus of the majority of them having played and won together before so hopefully these small margins really make a difference and we can hit the ground running. There will be no better test than these Yorkshire pre-season games against our two biggest rivals.

I'm looking forward to seeing how the guys look out there under game conditions particularly against last year's league champions... after all they are the ones to beat!

Then looking ahead to the 23/24 season, first game against Peterborough, always a tough and competitive component and we return on the Sunday against Swindon, again a good roster but the home games are must win games for me! Finally thank you, the fans for your continued support. Don't forget to buy your match night tickets and be that extra man on the ice. Come on you Seahawks!

HULL SEAHAWKS UNVEIL RECKITT AS NEW TITLE SPONSOR

Hull Seahawks have unveiled the locally based global health and nutrition company Reckitt as title sponsors for the 2023/24 season.

Reckitt has partnered with the Championship National Ice Hockey League (NIHL) team on a one-year deal that will see the company take naming rights of the team – the Hull Reckitt Seahawks.

The global headline sponsors were at the team's pre-season fan meet and greet.

Dr Bruce Charlesworth, Reckitt chief medical officer and Hull campus lead, said: "I'm delighted to announce that Reckitt has chosen to sponsor the Hull Seahawks for the 2023/24 season. Ice hockey is growing in popularity and like Reckitt, our local team has a strong

Hull heritage – ours being the Reckitt family and theirs the early Humberside Seahawks days.

“We are very excited about the upcoming season and our new relationship. Ice hockey is a fast-paced game that’s great to watch and play at all levels, with a grass roots foundation that’s linked to healthy living and exercise. We believe this is a partnership that supports the city, helps a community venue, raises the profile of Reckitt, and provides a staff benefit.”

Seahawks directors Joe Lamplough and Matty Davies said: “We are both delighted to be partnering with Reckitt as our title sponsor for the 2023/24 season. This opportunity allows the Hull Seahawks to expand the club and local community in a very exciting manner.

“We’re very much looking forward to working together in expanding the Reckitt name as much as possible within the club as a lot of people are unaware of the global impact Reckitt has. We’re looking forward to welcoming Reckitt employees to our home games to enjoy and soak in the unique atmosphere at the Hull Ice Arena on a match night – trust us when we say there will be some very entertaining games this upcoming season.

“The partnership will allow us to expand our community projects, such as visiting

local schools to offer hockey lessons to keep kids active and giving them guidance on having a healthy and active lifestyle both in and outside of school. And to offer youngsters the opportunity to come and watch the Seahawks to inspire the next generation into, what we feel, is the most underrated indoor sport within the UK.

“At our jersey launch and fun day event we revealed our new league and retro-themed cup jerseys brandishing the Reckitt name front and centre, which were extremely well received from the fans on the day and on social media following the event. It’s a very positive environment currently within the Seahawks camp and we’re looking forward to what this season has to offer on and off the ice.”

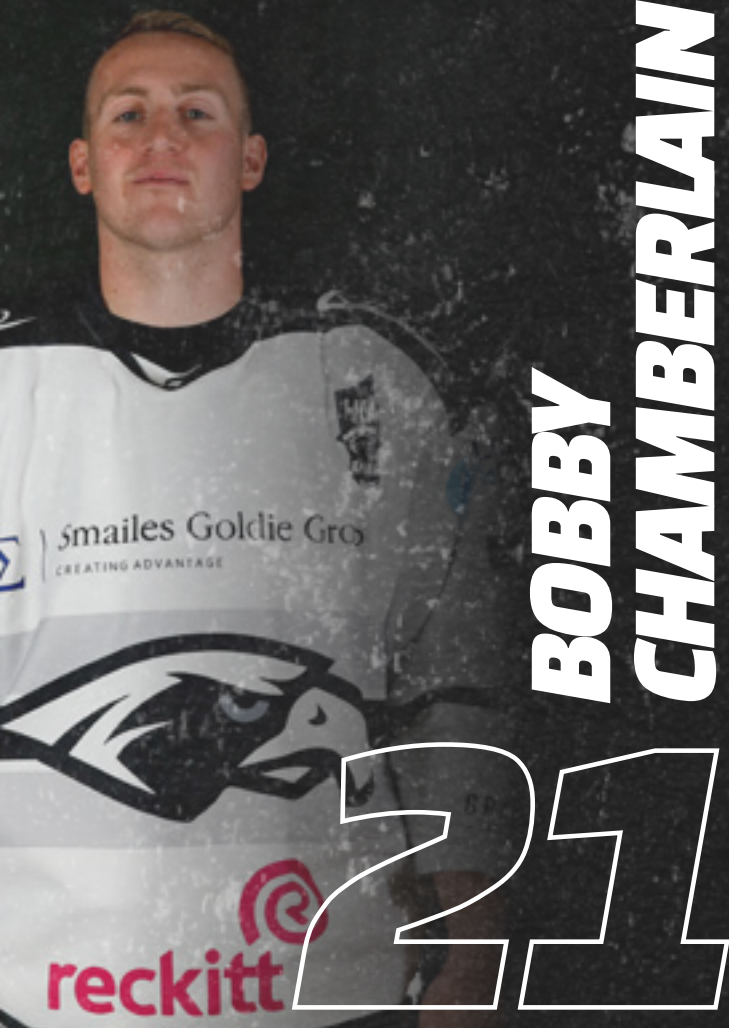

Reckitt has called Hull home for more than 182 years since brothers Isaac and Thomas Reckitt moved to the city from Lincoln and launched their first product, laundry starch. From 25 employees in 1840 to over 45,000 globally today, Reckitt products include iconic household brands including Gaviscon, Nurofen, Air Wick, Veet, Finish and Dettol, the latter which celebrates its 90th anniversary this year.

Q - WHAT DO YOU LOVE MOST ABOUT HULL?

Slightly boring answer here, proximity to cities like Leeds and York, but then also close to quieter more picturesque places too. So actually I don't love Hull, I like getting away from it I guess!

Q - WHAT'S THE REASONING BEHIND YOUR SQUAD NUMBER?

Wore it once as I didn't have a number and thought it was cool as it's my Birthday. I played really well so have kept it ever since, maybe I'll change it if I have a bad game!

Q - ONE PLAYER IN THE LEAGUE TO TAKE A PENALTY SHOT FOR YOU TO WIN £1,000,000, WHO TAKES IT?

I'd have to back myself wouldn't I? Having played with him for a long time and against him, I would fancy bcham90, with Bones as a close 2nd if Bobby was ill or otherwise not available.

Q - MOST COMMON PRE-GAME MEAL?

Spaghetti Bolognese week in week out. Consistency is key.

Q - AWAY TRIP YOU'RE MOST LOOKING FORWARD TO?

SEPTEMBER PREVIEW

The month of September is upon us and that only means one thing, the ice hockey season is back!

With a new look Seahawks side, Head Coach Matty Davies has been hard at work to ensure there isn't a repeat of last season's league table position.

Off the ice, the club has also made enormous strides forwards such as securing the biggest title sponsor in Hull ice hockey history in the Reckitt group which really exaggerates the positivity surrounding the club before a puck has been dropped.

The Seahawks see themselves back amongst a Yorkshire pre-season this campaign with games against the league and play-off winners Leeds Knights and the newly taken over Sheffield Steeldogs.

Matty's men head to Peterborough on Friday 22nd September to kick-off the league season which I'm sure will have plenty of eyes on it from other teams with this being the first league game to take place. The start to the season doesn't get any easier for the Seahawks with games against the stacked rosters of Swindon Wildcats and MK Lightning to see out the month but with the depth and quality in this roster this season, the future is exciting and bright!
